

LUXURY WHOLE HOUSE WATER SYSTEMS

Designed for Luxury Villas & Premium Homes

AQUALUXE
SERIES

Luxury Living Begins With Better Water

Water plays a vital role in your family's health, comfort, and the protection of your home's plumbing and appliances. Pure Aqua's Whole House Water Treatment Systems combine a high-capacity Big Blue Carbon Block Filter with a fully automatic Water Softener to remove chlorine, taste, odor, sediment, calcium, and magnesium—delivering clean, crystal-clear, softened water to every faucet.

Designed for luxury homes and villas, these systems operate automatically with minimal maintenance while helping extend the life of your plumbing, water heaters, and household appliances.

Protect Your Entire Home From

Hard Water

Chlorine

Bad Taste

Scale

Rust
